Purpose of the Policy

Under data protection law, individuals have a right to be informed about how our Trust uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' (sometimes called 'fair processing notices') to individuals where we are processing their personal data.

This privacy notice explains how we collect, store and use personal data about pupils at our school.

Once your child is able to understand their rights over their own data (generally considered to be age 13+, but this has to be considered on a case-by-case basis), you should instead refer to our privacy notice for pupils to see what rights they have over their own personal data.

The Fernwood Academy Trust, is the 'data controller' for the purposes of data protection law.

Our Data Protection Officer is SPS DPO Services (see 'Contact us' below).

National Pupil Database

We are required to provide information about pupils to the Department for Education as part of statutory data collections such as the school census.

Some of this information is then stored in the National Pupil Database (NPD), which is owned and managed by the Department and provides evidence on school performance to inform research.

The database is held electronically so it can easily be turned into statistics. The information is securely collected from a range of sources including schools, local authorities and exam boards.

The Department for Education may share information from the NPD with third parties, such as other organisations which promote children's education or wellbeing in England. These third parties must agree to strict terms and conditions about how they will use the data.

For more information, see the Department's webpage on how it collects and shares research data.

You can also contact the Department for Education with any further questions about the NPD.

Youth Support Services

Pupils Aged 13+

Once our pupils reach the age of 13, we also pass pupil information to our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- youth support services
- careers advisers
- A parent or carer can request that only their child's name, address and date of birth is passed to their local authority or provider of youth support services by informing us. This right is transferred to the child / pupil once he/she reaches the age 16.

The Nottinghamshire Youth Support Services provide a range of support for young people to help resolve any problems, which may include;

- problems with attendance or behaviour at school
- problems with drugs or alcohol
- difficulties finding work, training or re-entering education having left school
- being at risk of getting involved in anti-social behaviour and/or crime
- going missing from home or school
- being homeless, or at risk of homelessness
- young carers
- teenage parents.

Please contact the school office if you wish to opt out of the school sharing data on your child with the Youth Support Service.

- Explain where we got it from, if not from you
- Tell you who it has been, or will be, shared with

- Let you know whether any automated decision-making is being applied to the data, and any consequences of this
- Give you a copy of the information in an intelligible form

If you would like to make a request, please contact us (see 'Contact us' below).

Once your child is able to understand their rights over their own data (generally considered to be age 13+, but this has to be considered on a case-by-case basis), we will need to obtain consent from your child for you to make a subject access request on their behalf.
